

We like to think of Watt-Ahh as a “powerful and regal tiger” ... given to the World in dire need of energy for healing and immunity. We offer recommendations on how to effectively use this active form of water that we have learned through the years of trying to understand its full potential.

### **What is Watt-Ahh®?**

Watt-Ahh® is pure water that has been infused with the Fifth State of Water that we call DiTetra Gas® ... changing the fundamental molecular structure of water making it more compatible for humans and their pets. Watt-Ahh® absorbs into the cells for full hydration and detoxification. It provides additional oxygen to red blood cells and electrons to cellular mitochondria which are needed in the conversion of our food into

ATP ... the energy source for life and healing. Watt-Ahh® is smooth to drink. It rapidly absorbs into cells without a sloshy, bloated feeling in the stomach. The taste is clean and refreshing.

### **Time for the Next Paradigm Shift in Bottled Water**

Consumers who seek healthier beverages have made bottled water the number-one selling beverage by volume in the USA. However, it has been over Two Decades since the last blockbuster discovery in water ... breakthroughs in adding electrolytes, minerals and vitamins to bottled water as well as adjusting the pH for alkaline water. More recently, beverage companies have been making sparkling water with added exotic flavors and some have even started to add caffeine and alcohol. Join us in the next powerhouse in drinking water ... Watt-Ahh®!

*All-Natural Watt-Ahh® Polarized Water is the Next Paradigm Shift in Bottled Water.*

### **Mitochondric Life**

Watt-Ahh® Polarized Water is 100% water (no additives). It is the next evolution in bottled water ... a stable, crystalline-like structure loaded with additional electrons, supporting the mitochondria energy needed for both healing and life. One analogy is mitochondria is like the CEO of cells ... controlling many essential biofunctions of our bodies such as respiration, metabolism, production of reactive oxygen species, and programmed cellular life cycles. Studies show optimum mitochondrial functions also support both good cognitive health and immunity against viruses and other disease vectors. Drinking Watt-Ahh® supports your molecular being, right to the Mighty Mitochondria.

**Additional FAQ's and How to Order:** We offer responses to more frequently asked questions (FAQs) at this link: <https://www.aquanew.com/faq.shtml>. If we can answer your specific questions, please call 1-888-936-2782 M-F, between 9 am and 5 pm ET USA.
