

I was diagnosed as having a malignant tumor in my colon in April of 2012. I was going to have a colonoscopy but the doctor could not perform the colonoscopy due to the fact my colon was almost completely blocked by the tumor. The doctor could not get even a tiny scope around the tumor. On the part of the colon that was seen (up to the tumor which was in the sigmoid part of the colon) they found and photographed many very large polyps. I was told I needed emergency surgery as soon as possible to remove the tumor as it was blocking my colon, and if that happened I would die.

This all came as a total shock to me, and I wanted time to decide what I could do. I was being told by my doctor that I needed emergency surgery right away and therefore had no time. I took it upon myself to leave the hospital and went under the care of Doctor Douglas Nelson who was and is a very close friend.

I worked very hard at the emotional element that caused my illness. Along with that, I started drinking the Ultra-pure Polarized Water right away, and I also used the Water to give myself several enemas a day. I put oxy (magnesium) powder in the enema as well.

I do believe I would not have been able to give myself the time to heal if I had not used the Ultra-pure Polarized Water to drink and do the enemas right away. I was not able to go to the bathroom by myself; so, by doing the enemas I was able to relieve myself.

I stayed on a liquid diet for the first few weeks, and then I was able to eat soft food. I knew I was healing because I was able to start going to the bathroom by myself. I had no more cramps going to the bathroom and felt the best I had in several years.

I continued this program along with enzymes and other supplements for several months...and finally I confronted having a CT Scan. The CT Scan came up with nothing showing ... the tumor was gone.

Later, I had a colonoscopy and had absolutely no polyps. It was a miracle ... but there was also a science behind it!

There were other factors that helped me ... having intravenous Vitamin C and glutathione, amino acid intravenously, blood root, enzymes, Q10, ATP ... These were all things that built up my immune system but what gave me the time and healed my colon was the Ultra-pure Polarized Water and oxy powder ... without that I would not have been able to reduce the size of the tumor and eventually have it disappear.

I did not do chemotherapy or radiation and I am tumor free

I would like to thank Dana and Rob for their brilliant work in bringing this remarkable product to the world. It saved my life!
